Lifecare

Peace of mind for
your future

Lifecare Means Peace of Mind

Live richly today knowing your future is secure.

The beauty of being this side of 55 is knowing what you love. The options for your future are seemingly endless, but all paths forward are not equal. At Mosaic, you're free to build your life around more of the things you love, knowing the legacy you've worked so hard to build is secure because you've planned for the years ahead.

Mosaic Residents get the peace of mind of Willow Valley Communities' Type A Lifecare. This financially wise contract type—for every Mosaic Resident—entitles you to short-or long-term care, if needed in the future, with no increase to your monthly fee because of the need for an enhanced level of care. This means predictable future fees rather than the escalating fees that often accompany other contract types. With the assurance that you have a plan for future care, you can spend your days living your life your way and enjoying all of the opportunities that life at Mosaic presents.

Your life at Mosaic will be vibrant and extraordinary, while you and your family benefit from your insightful planning.

Levels of Living

Mosaic by Willow Valley Communities features 146 **Independent Living** apartments. This means that Mosaic Residents will enjoy living vibrantly in an amenity-rich environment. If an enhanced level of care is ever needed later, Mosaic offers Personal Care, Memory Care, and Skilled Nursing Care, seamlessly, at Willow Valley Communities, just a few miles south. Plus, thanks to Mosaic's Type A Lifecare, a Resident's monthly fees are not increased because of the need for enhanced care in the future.

Personal Care promotes independence while offering personalized support and assistance with the activities of daily living, as needed, 24 hours a day.

Memory Care offers a full range of services in a secure, residential setting for those coping with the challenges of Alzheimer's and other cognitive disorders.

Skilled Nursing Care provides short-term rehabilitative services for those recovering from illness or surgery, as well as long-term nursing care.
